

Starrett® Univerz™

Featuring the Starrett bi-metal unique® technology. The blades are pre-welded, ready-to-use and available in lengths that fit all the popular portable band saw machines.

**FEATURES**

- Split Chip Advantage Technology
- Multiple cutting edges-Multiple Edge Performance
- Blade thickness: 0.020"

**BENEFITS**

- Technology that allows faster cutting rates and increased blade life
- More cost-effective than carbon steel blades
- Superior fatigue, abrasion and shock resistance

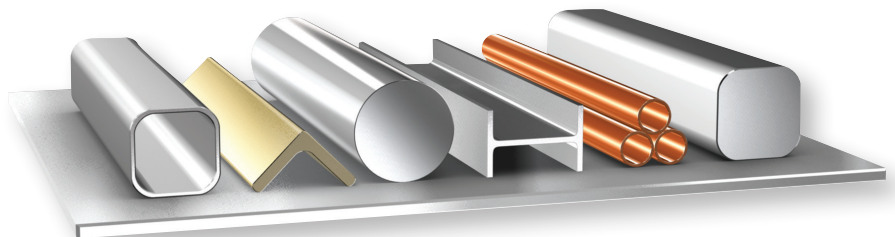

**APPLICATIONS**

- Ferrous and non-ferrous metals
- Stainless steels
- Tubes, pipes, bundles and solids
- Fits most popular portable band saw machines including Milwaukee, Dewalt, Makita, Porter-Cable, and Bosch

All products feature bi-metal® unique technology.

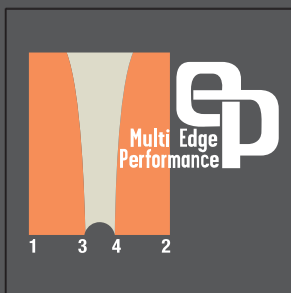

## WHAT IS BI-METAL UNIQUE® SAW TECHNOLOGY?

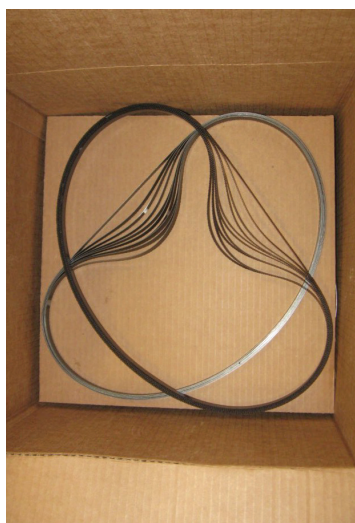

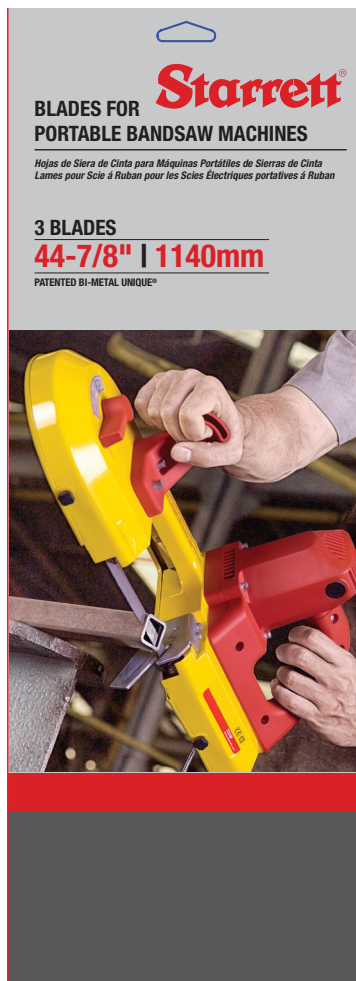

Patented process providing 170%  
more weld contact for superior  
teeth stripping resistance

Significantly reduced  
fracture and breakage

Multi-Edge cutting performance  
result in faster cuts and longer  
blade life

## PACKAGING OPTIONS

All Starrett portable  
bandsaw blades are  
available in 3 and 100  
pack quantities.

### 3 PACK

- Packaged for convenient  
showroom displays
- All blades safely packaged  
inside cartons

### 100 PACK

- Economy size for single-  
blade distribution
- Blades nested in bundles
- Small carton for easy  
storage
